Are you aware of some of the health problem which can appear in some Aussies today such as medication sensitivities? (Y/N): _____ Such as Ivermectin?

Are you aware that Australian Shepherds are medium sized and very active dogs that shed (sometimes quite profusely)?

Are you willing to deal with these attributes that are so much a part of an Aussie? (Y/N): _____

All of our dogs and puppies are fed either Blue or 4Health Puppy Food. In the last 6 years we have had no issues with any of our dogs having HOT spots, continuous itching, loss of hair etc. We believe you need to pay a little more, as the saying goes an apple a day keeps the doctor away.

Further comments: Please feel free to add anything that you think would help us in choosing the right individual for you.

We would like to thank you for taking the time to fill in this questionnaire. The idea behind these questions is to hopefully identify if your home/lifestyle would be a match for one of our Puppies. It's our responsibility to ensure that the new forever home has been chosen carefully and that there will be an ongoing commitment for the entire life span of the Puppy/Dog.

These puppies have been started off with lots of hugs, kisses, exercise and companionship. In addition to that we ensure they have all necessary shots, worming's, Heart Guard and Flea Control per age appropriateness, as well as feeding them quality foods and treats.

It's our ultimate goal to ensure the forever home has the same goals as we do in regards to the care and well being of the Puppy.

Respectfully,
Sherry Skinner
